## — INTRODUCTION —

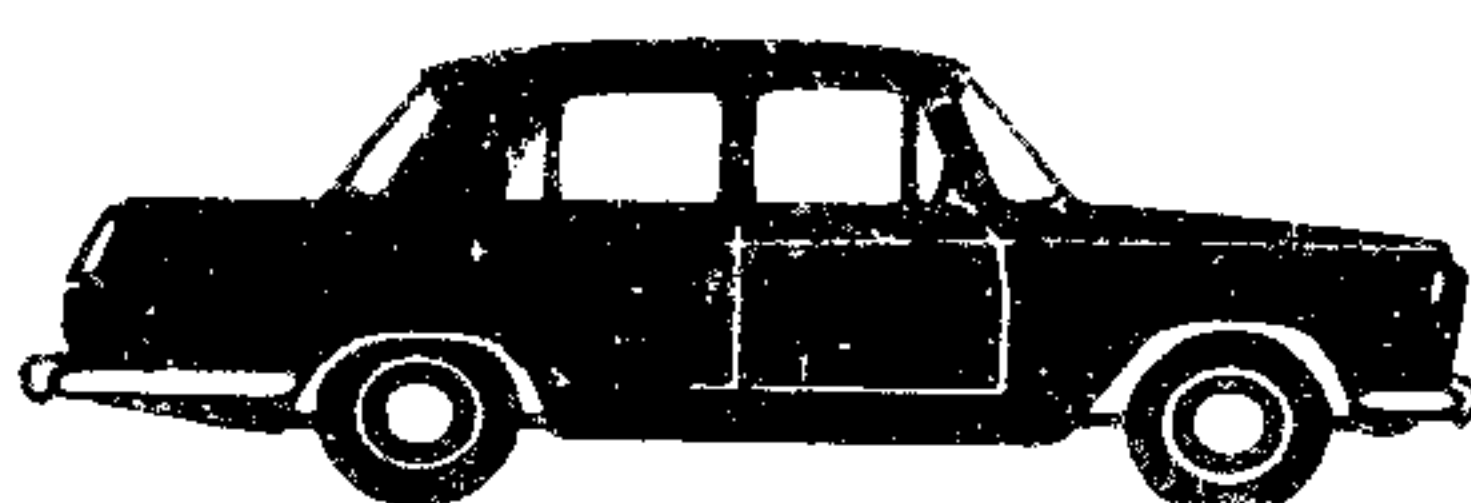

MCCA is proud to present the second annual Model Car Directory. The information herein is correct based on data available to the Directory editor as of January 1, 1978. The Directory is not a legal document, however, and MCCA is not liable for any errors or omissions, nor does it endorse any organization listed.

Before visiting any organization it is best to call or write first. No one accepts collect calls. Often information can be obtained from an MCCA member living in the area.

Any suggestions, additions or corrections to this Directory will be greatly appreciated.

Thanks go to Bill Bolza, Herb Jackson, Warren Miller and Bernie Wagers for making this Directory possible.

MCD Editor

Many areas do not have local clubs or club associated with the MCCA, but these areas do have one person willing to coordinate the modelers and collectors in the area. They are called the Point-of-Contact (POC). They should keep a list of the model car fans in the area and answer the phone. MCCA will give each POC a list of the model car fans in the area. (write Pete Foss for the list). With 3 active MCCA members the POC can become a Chapter.
